

PCSpecialist | Discord Server | Privacy Policy

Effective Date: July 15, 2026

1. Overview

PCSpecialist is our community server that utilises the MEE6 bot service. The bot service is developed, hosted, and operated by MEE6 (the "Service Provider"). PCSpecialist has configured and enabled MEE6 within its Discord server for community management and engagement purposes.

This Privacy Policy explains how MEE6 functions within the PCSpecialist Discord server, how it uses & stores data, and outlines our responsibilities as the server operator.

2. Bot Operator vs. Server Operator

It is important to distinguish between two parties:

- **MEE6 (THE SERVICE PROVIDER):** THE ENTITY THAT DEVELOPS, HOSTS, AND OPERATES THE MEE6 BOT PLATFORM. MEE6 IS RESPONSIBLE FOR THE UNDERLYING DATA PROCESSING INFRASTRUCTURE, DATA STORAGE, AND THE BOT'S CORE FUNCTIONALITY. MEE6'S OWN PRIVACY POLICY AND TERMS OF SERVICE GOVERN HOW THE PLATFORM HANDLES DATA AT THE SERVICE LEVEL.
- **PCSPECIALIST (THE SERVER OPERATOR):** THE ENTITY THAT HAS INSTALLED AND CONFIGURED MEE6 WITHIN THE DISCORD SERVER. PCSPECIALIST DETERMINES WHICH MEE6 FEATURES ARE ENABLED, WHICH CHANNELS THE BOT OPERATES IN, AND HOW MODERATION AND ENGAGEMENT SETTINGS ARE CONFIGURED.

3. Data the Bot Accesses

When MEE6 is active in the PCSpecialist Discord server, it may access data through Discord's API, as permitted by the permissions and privileged intents granted to the bot. This may include:

3.1 Server Configuration Data

- SERVER NAME, ID, AND SETTINGS
- CHANNEL NAMES AND STRUCTURES
- ROLE NAMES AND RANKS

3.2 Member Data

- DISCORD USER ID, USERNAME, AND AVATAR
- SERVER-SPECIFIC NICKNAME
- JOIN DATE
- ROLE ASSIGNMENTS

3.3 Message Data (Message Content Intent)

- MESSAGE CONTENT IN CHANNELS WHERE THE BOT HAS READ ACCESS
- MESSAGE METADATA (TIMESTAMP, AUTHOR, CHANNEL)

3.4 Presence Data (Presence Intent)

- ONLINE STATUS, ACTIVITY INDICATORS AND CUSTOM STATUSES

4. How Data Is Used

As the server operator. As an example, PCSpecialist has configured MEE6 to provide the following features. Each feature uses data as described:

Feature	Data	Purpose
Welcome messages	Join date, username	Greet new members and share customer support team contact details
Auto-moderation	Message content, custom status	Detect spam, banned links, and rule violations
XP & levelling system	Message activity, user ID	Award experience points and assign level-based roles
Leaderboards	Username, XP totals	Display top contributors in the community
Custom commands	Message content	Respond to community-defined triggers
Role management	Member roles, join date	Auto-assign roles based on criteria

The specific features and their configurations may be adjusted by server moderators at any time.

5. Data Storage & Processing

- DATA PROCESSING AND STORAGE IS HANDLED BY MEE6'S INFRASTRUCTURE, NOT BY PCSPECIALIST. PCSPECIALIST DOES NOT DIRECTLY COLLECT, STORE, OR HOST ANY MEMBER DATA.
- FOR DETAILS ON HOW MEE6 STORES, SECURES, AND RETAINS DATA, REFER TO MEE6'S PRIVACY POLICY (SEE SECTION 9).
- PCSPECIALIST DOES NOT EXPORT, DOWNLOAD, OR TRANSFER BOT DATA TO ANY EXTERNAL SYSTEMS.

6. Data Sharing

- PCSPECIALIST DOES NOT SHARE ANY DATA OBTAINED THROUGH THE BOT WITH THIRD PARTIES.
- STATISTICS (E.G., MEMBER COUNT, LEADERBOARD RANKINGS) MAY BE SHARED INTERNALLY TO IMPROVE THE SERVICE PROVIDED.

7. User Rights

As a member of the PCSpecialist Discord server, you have the right to:

- **UNDERSTAND WHAT FEATURES ARE ACTIVE:** CONTACT A SERVER ADMIN TO ASK WHICH MEE6 FEATURES ARE CURRENTLY ENABLED AND HOW THEY AFFECT YOUR DATA.
- **OPT OUT OF XP TRACKING:** CONTACT A SERVER ADMIN TO BE EXCLUDED FROM THE XP AND LEVELLING SYSTEM. PLEASE NOTE THAT THIS WILL AFFECT YOUR SERVER REWARDS.
- **DATA DELETION:** DATA HELD BY MEE6 IS SUBJECT TO MEE6'S OWN RETENTION POLICIES. TO REQUEST DELETION OF YOUR DATA, CONTACT BOTH A SERVER MODERATOR AND MEE6 DIRECTLY. REFER TO MEE6'S PRIVACY POLICY FOR THEIR DATA RETENTION AND DELETION PRACTICES.
- **FULL DATA TRANSPARENCY:** FOR COMPLETE DETAILS ON DATA HANDLING AT THE PLATFORM LEVEL, REFER TO MEE6'S PRIVACY POLICY AND DISCORD'S PRIVACY POLICY.

8. Children's Privacy
